

No.14 Verbier (13 bedrooms)

No.14 is arguably the largest and most unique chalet available to rent in Verbier.

It was designed as a 'boutique hotel style' chalet by one of London's most respected and acclaimed interior designers. The result is one of stylish, yet understated, alpine chic, a mix of traditional timber and stone, complimented by the highest quality fixtures and fittings, with all furniture custom made in London.

Sleeping up to 26 guests in thirteen elegant bedrooms, No.14 is usually taken on an exclusive use basis, but is also available for individual room bookings during some periods of the season. Unlike many of Verbier's hotels and chalets, No.14 is available for weekend stays as well as offering reverse weekends (Sunday to Thursday), which are more reasonably priced.

One of the highlights is the spa which has a 10m pool, steam room, cold plunge pool and large Jacuzzi, all in a natural grey stone. In addition there are treatment rooms for massages and beauty therapy.

Outside, an expansive decked terrace is the perfect place to admire the stunning views of the Grand and Petit Combin, either from one of the comfy sun loungers or from the warmth of the large cedar hot tub - glass of vintage champagne in hand!

For those who like their movies, No.14 boasts a home cinema with an oversized U shaped sofa. This room also has various games consoles and a selection of children's toys and games.

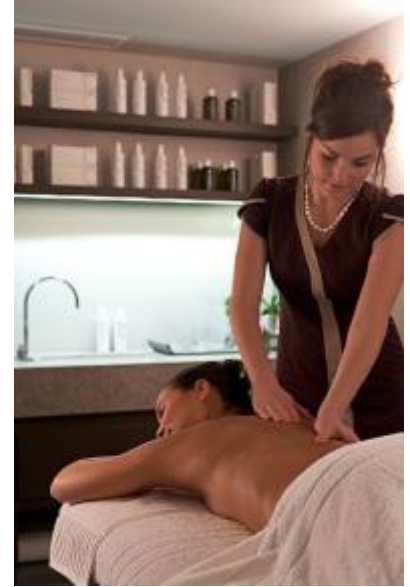

All the bedrooms are individually styled with bespoke furniture and each has its own bathroom, featuring Dornbracht fittings and Italian stone.

The master bedroom No.14 (there is no room 13!) is exceptional. Located on the top floor and open to the eaves, the views from either the free standing bath or the cedar hot tub on the balcony are sensational. There are 12 other bedrooms which include two further suites and also family rooms which have interconnecting doors.

Fifteen dedicated and experienced professionals are on hand to ensure that you have the most relaxing and stress free holiday. Most have worked in Verbier for at least one season and some for several years.

Our exceptional Head Chef, Scott, returns for his fourth winter with us. Scott has previously worked in several one and two star Michelin restaurants and works wonders with his two sous chefs, who are also back from last winter. General Manager, James Douglas, is also back for his fourth winter and has a wealth of local information he is always happy to share with you. Nothing is ever too much trouble. Massages or other treatments can be organized at any time with our in house masseuse, who is also a trained physiotherapist.

Although No.14 is only a seven minute walk from the Place Centrale, there is always a chauffeured 4x4 vehicle to take you in and around Verbier, any time of the day or night.
